

```
// c program to flash two led's.
#include <avr/io.h>
#include <util/delay.h>

int main (void)
{
    DDRB=0x18;
    for (;1==1;)
    {
        PORTB = 0x00;
        _delay_ms(500);
        PORTB = 0x08;
        _delay_ms(500);
        PORTB = 0x10;
        _delay_ms(500);
        PORTB = 0x18;
        _delay_ms(500);
    }
    return 1;
}
```
